

Peregrine

Falco peregrinus

Category A

Resident breeder, winter visitor and passage migrant

A resident breeder, mainly in coastal districts in Kent. Also a migrant and winter visitor, which is now occurring more frequently inland.

The full species account will follow but the breeding and wintering distribution maps based on the 2007 – 2012 BTO / KOS atlas are provided below.

Peregrine at Abbotscliffe (Ian Roberts)

The distribution of breeding records recorded in the BTO/KOS Atlas (2007 – 2012) is shown in figure 1.

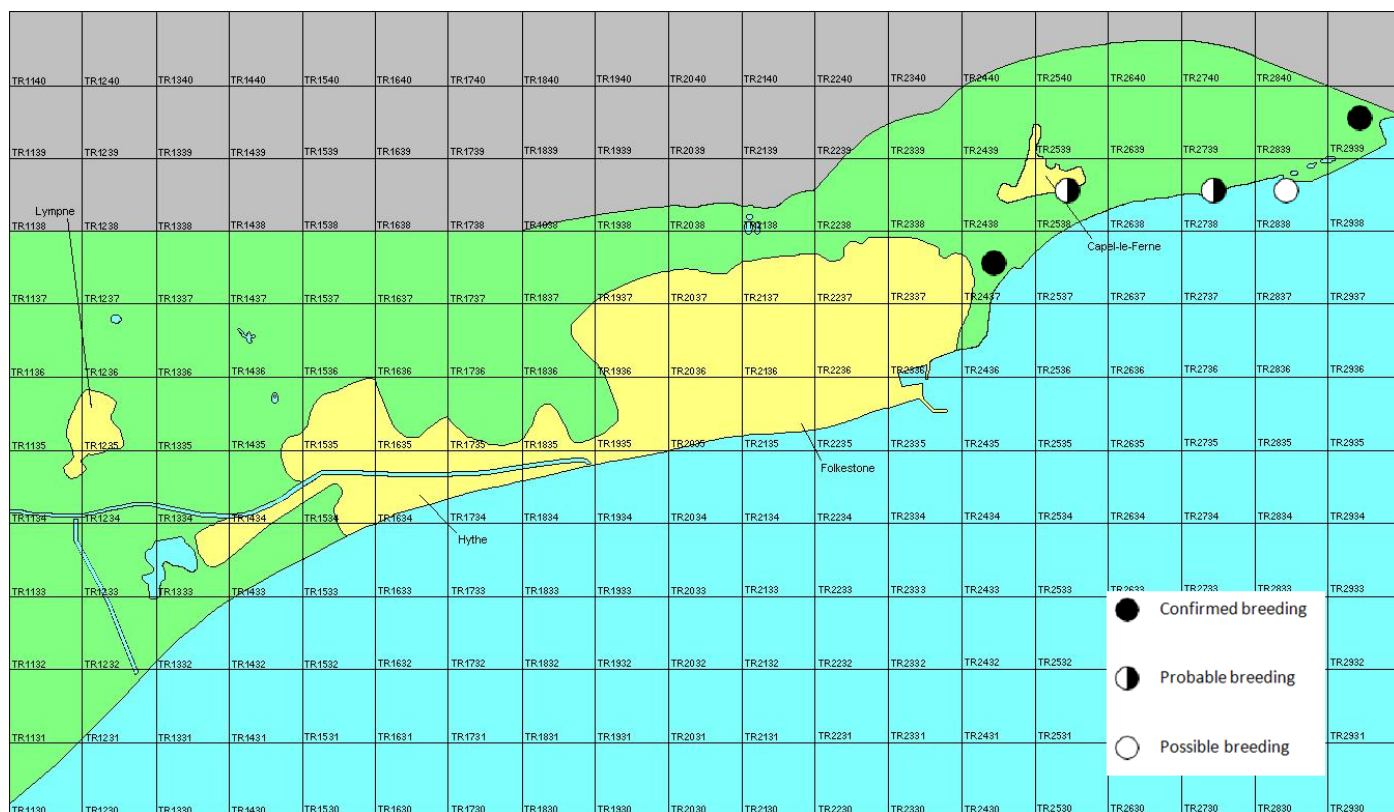

Figure 1: Breeding distribution of Peregrine at Folkestone and Hythe by 1km square

The distribution of winter records recorded in the BTO/KOS Atlas (2007 – 2012) is shown in figure 2.
