

Carrion Crow

Corvus corone

Category A

Breeding resident and passage migrant

A widespread breeding species in Kent, with evidence of passage in some years.

The full species account will follow but the breeding and wintering distribution maps based on the 2007 – 2012 BTO / KOS atlas are provided below.

Carrion Crow at Hythe Imperial Golf Course
(Brian Harper)

The distribution of breeding records recorded in the BTO/KOS Atlas (2007 – 2012) is shown in figure 1.
