

# Nightingale

*Luscinia megarhynchos*

Category A

Breeding summer visitor and passage migrant

A locally common summer visitor in Kent, with over a quarter of the British population breeding in the county.

The full species account will follow but the breeding and wintering distribution maps based on the 2007 – 2012 BTO / KOS atlas are provided below.

Nightingale at Folkestone Warren (Dale Gibson)

The distribution of breeding records recorded in the BTO/KOS Atlas (2007 – 2012) is shown in figure 1.

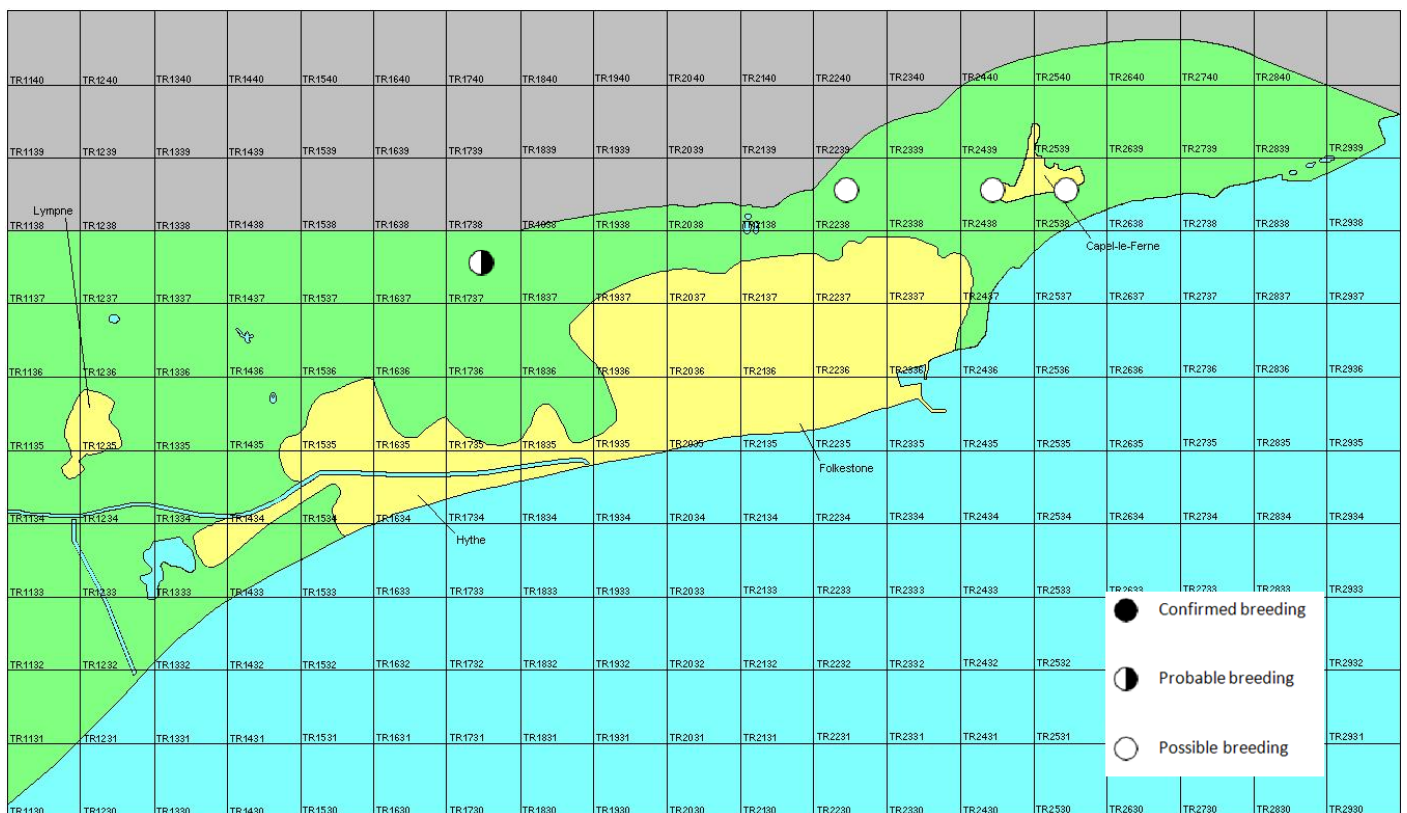

Figure 1: Breeding distribution of Nightingale at Folkestone and Hythe by 1km square
