

Grey Wagtail

Motacilla cinerea

Category A

Breeding resident and passage migrant

A widespread but local breeding species in Kent, which is also a regular passage migrant, especially in autumn.

The full species account will follow but the breeding and wintering distribution maps based on the 2007 – 2012 BTO / KOS atlas are provided below.

Grey Wagtail at Saltwood Castle (Brian Harper)

The distribution of breeding records recorded in the BTO/KOS Atlas (2007 – 2012) is shown in figure 1.

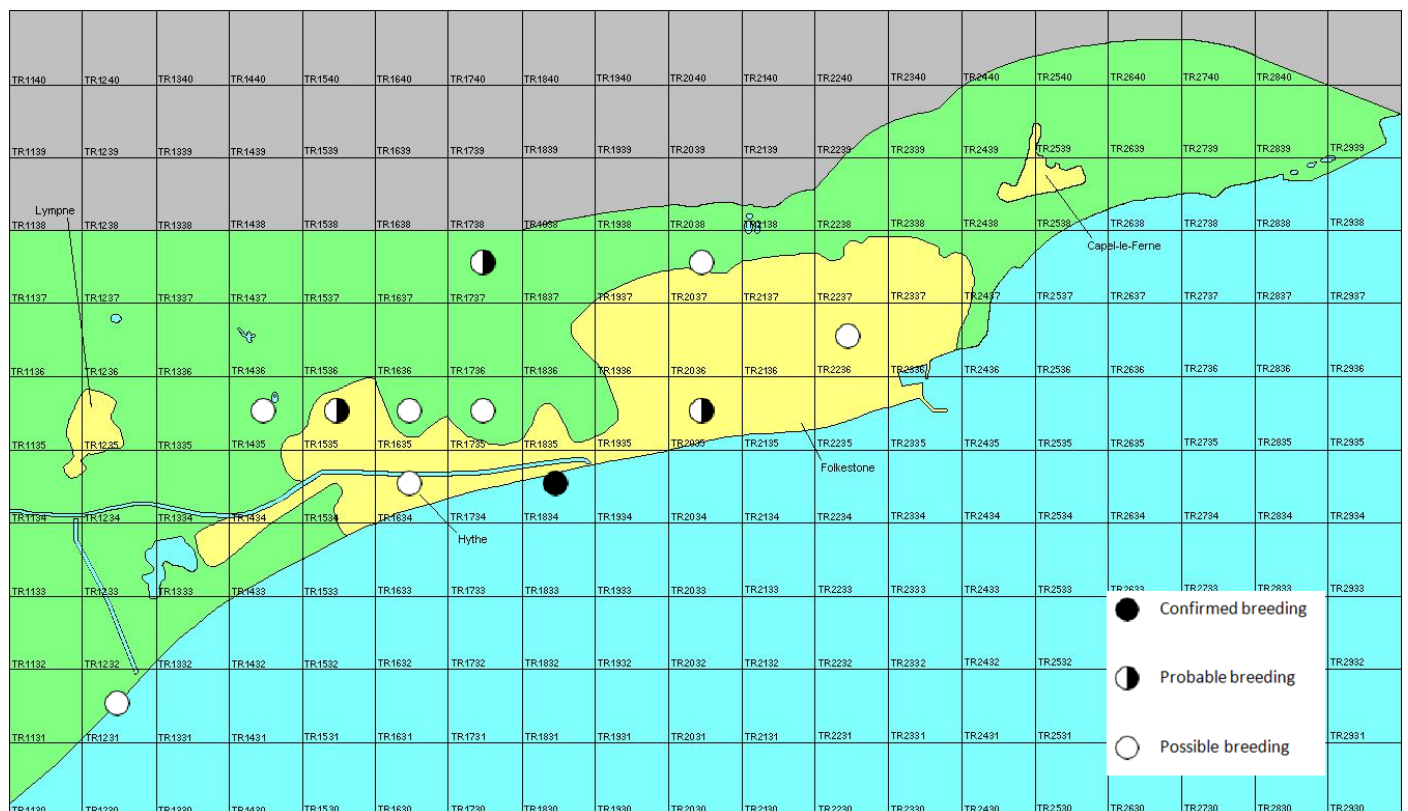

Figure 1: Breeding distribution of Grey Wagtail at Folkestone and Hythe by 1km square

The distribution of winter records recorded in the BTO/KOS Atlas (2007 – 2012) is shown in figure 2.
