

Linnet

Carduelis cannabina

Category A

Breeding summer visitor and passage migrant, less common in winter

A widespread summer visitor and passage migrant in Kent, with only small flocks overwintering.

The full species account will follow but the breeding and wintering distribution maps based on the 2007 – 2012 BTO / KOS atlas are provided below.

Linnet at Donkey Street, West Hythe (Brian Harper)

The distribution of breeding records recorded in the BTO/KOS Atlas (2007 – 2012) is shown in figure 1.
