

Woodcock

Scolopax rusticola

Category A

Winter visitor and passage migrant

A widespread but local resident breeding species in Kent, also a passage migrant and winter visitor.

The full species account will follow but the breeding and wintering distribution maps based on the 2007 – 2012 BTO / KOS atlas are provided below.

Woodcock in a Folkestone garden (David Featherbe)

The distribution of winter records recorded in the BTO/KOS Atlas (2007 – 2012) is shown in figure 1.

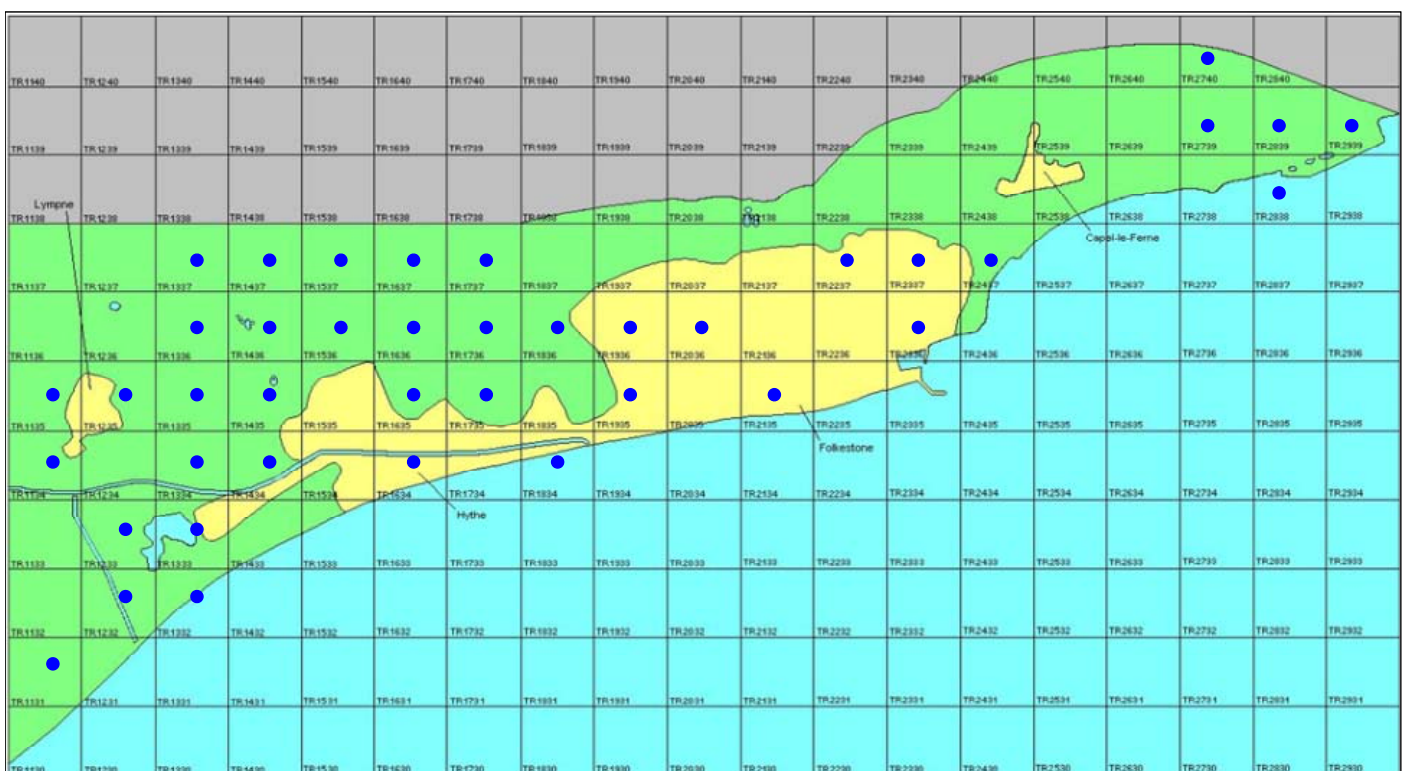

Figure 1: Wintering distribution of Woodcock at Folkestone and Hythe by 1km square
